

BREEDING CONTRACT

I, _____, hereby agree to breed the Mare _____
Registration # _____ Her SIRE: _____
Registration # _____ Her DAM: _____
Registration # _____ To the Stallion: Poco Jessie JB AQHA # 4376869
His Sire: Sweet Jessie Tivio, Registration# 3187490 and Dam: Poco Jessie One, Registration # 3006256

The fee for such service shall be \$500.00 which includes a \$50.00 booking fee that serves as a non-refundable deposit payable before the arrival of the Mare along with signed contract and copy of said mare's registration papers (if applicable) leaving a balance of \$450.00 payable upon arrival of Mare to The Lewis Ranch Stallion Station. (This fee is waived if this is a breed back on the live foal guarantee.) Return privileges through July 1st of the year following the original breeding contract date only.

Stallion owner offers early bird discounts of \$50 for mares booked before January 1 each year and also offers multiple mare discounts of \$50 for mares booked together. Total Promotional discounts \$ _____ Date _____ Stallion owner Initials _____.
Breedback: Yes/No

Board for the Mare shall be at the rate of \$7.00 per day for Dry Mare care and \$9.00 per day for Wet Mare care (with foal at side). This fee is payable upon the Mares departure along with any balance of the Stud fee and any veterinarian/farrier fees due. All Mare care and expenses on mare/foal shall be paid upon mare's departure/monthly upon receipt of invoice via email or USPS at the end of each month.

The Stallion owner strongly suggests Mare be checked by a veterinarian for breeding condition and cultured before arrival (exceptions: Maiden mares) to insure she is free from infectious, contagious or transmittable disease. Stallion owner will attempt to settle mare with reasonable diligence and may, at her discretion have her veterinarian check said mare for follicular activity in the event she is not showing estrus after 15 days of teasing protocol, the cost of which shall be borne by the Mare owner. If however, for any reason the mare does not settle, mare owner will hold Stallion owner harmless as Stallion owner shall assume no liability for a Mare that will not breed, cannot conceive, or for accident, sickness or death of the Mare or foal, but will exercise every reasonable effort to settle Mare and use good judgment in care and supervision of Mare and her foal. Mare owner, in turn, shall not be responsible for injury or accident to Stallion caused during breeding Mare. There will be no refund on breeding fees and the breeding season for this Stallion begins February 1 and ends July 1. However, if Mare fails to conceive, Stallion owner will provide breeding free the following year (with the exception of Mare care costs). Mare replacement or transfer of breeding may be accepted when deemed necessary. Stallion owner guarantees a live foal. It is hereby agreed that a live foal is a foal that stands and nurses without assistance. **Please Note that For LFG to apply the mare must remain with Stallion owner for 17 days following her last breeding so she can be re-bred immediately if signs of estrus appear or sent home if no signs are apparent and pregnancy can be assumed. A pregnancy check by Stallion owner's vet is also strongly suggested, at Mare owner's expense, to ensure pregnancy before the mare leaves the ranch therefore alleviating any doubt, guesswork or possibility of a barren mare.

This contract shall not be transferable by Mare Owner without the prior written consent of Stallion Owner. A Breeder's Certificate for registering the foal will be issued when the Mare Owner notifies The Lewis Ranch of the birth of the foal and after payment of all bills due have been paid.

I, Tina Lewis, do not make any other warranties or guarantees of any kind implied or expressed in reference to the above contract.
